SCHOOL BOARD.

At the monthly meeting of the City School Board held last night there were present, Capt. Herbert Bryant, chairman, and Messrs. Yates, Thompson, Bradshaw, Messrs. Thompson, Smith, Carter, Myers and the superintendent.

The superintendent reported that a few repairs had been made at Sexton and Lee buildings.

A number of bills for supplies and repairs were ordered to be paid.

The superintendent reported that he had purchased two globes, two for Washington and two for Lee building. He also reported that the Teachers' Association of this district had been held in this city on March 24, 25 and 26 and that the session was a very successful one, there having been present between two hundred and fifty and three hundred teachers and five superintendents; the teachers were much pleased with the meeting, the expense of which had been small. He also reported that Dr. Dickerson, of New York, had called to see him in reference to the colored training school and had said that he would pay \$100 if the board would pay the same amount for the equipment of such a school. He also stated that the examination for teachers would be held on April 21, 22 and 23. He also reported that the library of Lee school was doing well and that a library for Washington school was needed; that the principal of that school had on hand about \$40 to buy books but that a book case was necessary. He was authorized to purchase a suitable book case, the cost not to exceed \$20.

The superintendent also reported that the City Council some time ago had appropriated \$500 for the installation of water pipes and water closets in Washington building but that it had since been ascertained that that sum was not sufficient to defray the expense. The matter of improving the grounds of Lee school building was also discussed and various suggestions made—one, another "tag day."

Finally it was decided to place the matter of installing water closets in Washington building and the improvement of the Lee school grounds in the hands of the chairman who was given power to associate with him such members as he may choose and who after securing the proper plans and estimates should ask the City Council to make the necessary appropriation for the work.

The chairman named the superintendent and the other members of the committee on schoolhouses and furniture—Dr. Smith and Mr. Stabler—as his associates on the committee.

The superintendent then made his report of the working of the schools for the past month. He stated that one teacher had been absent one day and that one case of corporal punishment had been reported.

A communication from Dr. E. A. Gorman offering to deliver course of instruction on sanitation was received and the superintendent was requested to make such arrangements as he may deem necessary in the matter.

The matter of the bills of the electric company for running the fan in Lee school building was discussed, but went over without action.

Mr. L. H. Thompson, from the special committee appointed for the purpose, presented suitable resolutions concerning the death of Koscusko Kemper, late superintendent of schools of this city, and they were unanimously adopted and ordered to be spread upon the minutes and that a copy of the same be sent to the family of the deceased.

The board then adjourned.

OCEAN HOUSE.

Two added features to the splendid programme offered by the management of the Opera House were greatly enjoyed by the large audience last evening.

Joseph Maurel, a ballad singer, scored a decided hit as did the addition of a trap drummer who assists materially in giving the moving pictures a tinge of reality. The new management seem to be wide awake in affording plenty of amusement and are giving, without doubt, the biggest show for little money ever offered at this house.

THE FISHING SEASON.

Fish were practically unchanged in prices this morning. Receipts are light, the recent high northwest winds interfering with operations at the shores. The steamer Three Rivers arrived up this morning with between 400 and 500 barrels of herring aboard. They were transferred at this point to trains for various points in Virginia. Fishwater is a misnomer at present, but few shad and herring being landed there.

FUNERALS.

The funeral of the late R. Lucien Cornell, the railway trackman who was struck by a train and killed near Occoquan, Wednesday afternoon, took place from the residence near Bume Springs, Alexandria county, this afternoon. Services were conducted by the Rev. J. W. Laakord, pastor of the Second Baptist Church of this city.

The remains of the late George W. Francis, who died Wednesday evening in Washington, were brought here at 1:15 o'clock this afternoon on a special car and buried in B. and O. Cemetery. The funeral took place from Mr. B. Whetley's chapel. The burial was with Masonic honors, Andrew Jackson Lodge, of which the deceased was a member, officiating.

PERSONAL.

Mr. E. E. Downham has gone to New Orleans as representative of Acca Temple, of Richmond, to the Imperial Council of North America of the A. A. N. O. M. S. Mr. Downham was accompanied by Mrs. S. V. Green and Miss Taylor.

Mr. and Mrs. C. L. Sevier, of Bristol, Tenn., are visiting their son, Rev. J. R. Sevier, on south St. Asaph street.

Messrs. O. H. Ollahan, H. K. Field, J. G. Graham and M. L. Dickwilde will tonight attend the reception to be tendered Grand Senior Warjen Woods by the Masonic Lodge in Charlottesville.

NEW MINISTER.

Rev. H. N. Carter, recently appointed to the pastorate of the Methodist Episcopal Church South arrived in this city yesterday. Mr. Carter has had charge of the church in Woodstock. He was met at the union station by a committee from the church and taken to the parsonage on King street in an automobile. The ladies of the church had made preparations for the reception of the new pastor and had prepared an inviting dinner. The board of stewards of the church called on Mr. Carter last night.

BASEBALL TOMORROW.

The Alexandria Athletic Club will play their first game of the season tomorrow on the north Alfred street ground at 4:30 o'clock when they meet a fast blue from Washington. The A. A. C. will put their best line up on the field and a good fast game is expected. The A. A. C. have been working on the grounds for the past week and they now have one of the best amateur fields around this section of the country.

PRESBYTERIAN CHURCH NOTES.

The third annual meeting of the Chesapeake Presbyterian Union came to a close last night by a strong address on foreign mission by Dr. S. J. Woodbridge, of Ohio. The organ recital by Prof. Gebest was greatly enjoyed.

The monthly meeting of the Westminster League will be held tonight at 8 o'clock.

LOCAL BRIEFS.

The illness are in bloom.

Six negroes were arrested this afternoon for playing crap in Fayette alley.

A special meeting of the Young Men's Senate will be held at 8 o'clock tonight.

There were no cases for trial in the Police Court this morning. There have been no arrests during the past 48 hours.

The mission being held at St. Mary's Church continues to attract large congregations, the interest continuing unabated.

Frank Baltimore has sold to Leon C. Baltimore a house and lot on the north side of Gibbon street, between Pitt and S. Asaph.

The weather was cold last night, and a brisk northwest wind prevailed. Conditions this morning were clear and cool. There was no frost, as had been feared.

Mr. J. W. Hood, an employee of the Southern Railway Company, had his head painfully cut yesterday afternoon by the headlight of a locomotive falling upon him.

The annual meeting of the stockholders of the Great Falls Power Company, for the election of directors, etc., was held at the office of Mr. O. C. Orlin yesterday.

Mr. J. C. Lindzey while at work in the round house of the Southern Railway yesterday afternoon was scalded on the back of the head and neck by escaping steam from a locomotive. He is injured, though painful, were not serious.

We have received an invitation to be present and witness the annual United States army inspection of the Alexandria Light Infantry Company, G. First Virginia Volunteers, at Armory Hall Monday, April 11, at 8 p. m.

A special meeting of the Girls' Friendly Society will be held at Christ Church Parish Hall on Saturday from 2 to 5 p. m.

The rector, Rev. W. J. Morton, will present badges and there will be games and refreshments. This will be the closing meeting for the season.

The martins have arrived from their winter home and, according to old inhabitants, the fruit crops are safe from destruction by frost. They say the martins never come until all the cold weather has gone. The birds are earlier this year, and their piping is welcome.

Our smoked hams are the very quintessence of quality. Our water-filled boneless Breakfast Bacon is the most popular bacon in town. Those irresistibly delicious Aunt Sammies are really the only sausage in town that are worth the eating. Our Cooked Tongue, Cooked Ham, Cooked Beef, Fresh Chopped Beef, Ham Bologna, Imported Swiss Cheese, etc., are all of the highest quality. People take care at all about the quality of the food they eat invariably come to the Aunt Sammie and the Aunt Sammie. Sylvan Blumheim.

THE MEI-HODISTS.

The organic union of Methodism was the keynote of the sessions of the Maryland Annual Conference of the Methodist Protestant Church yesterday in Broadway Church. The occasion was the visit of a delegation from the Baltimore Conference of the Methodist Episcopal Church, consisting of Revs. Hugh Johnson, W. A. Kyprie and Harry D. Mitchell, each of whom extended greetings and best wishes. Dr. Johnson spoke on the bonds of union between the Methodist Episcopal Church and the Methodist Protestant Church.

The committee on credentials created a surprise by reporting that 26 charges had elected their delegates to the conference illegally, but recommended that the delegates be seated. Rev. Hugh L. Eldridge, president of Westminster Theological Seminary, presented the annual report of that institution. He said the seminary has the largest enrollment in the history of the school, 41 students being in attendance, representing 14 conferences.

At the afternoon session the principal feature was the visit of a fraternal delegation from the New Jersey Conference of the Methodist Protestant Church. They brought a request to the Maryland Conference to appoint a committee to arrange for union between the Maryland and the New Jersey Conferences.

The church extension cause was discussed at night.

Mr. and Mrs. Roosevelt.

Genoa, April 8.—One day of traveling in an old fashioned carriage, drawn by three horses, proved enough for Col. Roosevelt and his wife and today they exchanged the ancient equipage for an automobile in which they will complete the journey to this city. The couple spent last night at the Hotel Moderne in Sassari and proceeded this morning to Rapallo and thence to Porto Pinckola, where they had lunch. They will come to Genoa tomorrow for a few hours and then go to Porto Maurizio, to be the guests of Miss Carow. Mrs. Roosevelt's sister, Col. Roosevelt had intended to make the present trip incognito but he is finding that everywhere he goes his coming has been announced and the villagers gather to see him.

Genoa, April 8.—Colonel Theodore Roosevelt arrived unexpectedly in Genoa at five o'clock this afternoon, twenty-four hours ahead of his schedule.

Suspect Double Murder.

Westerly, R. I., April 8.—Investigation which may reveal a double murder in progress here today into the death under similar circumstances of Charles H. Hood, aged 38, and his father-in-law, Henry Larrow, aged 63. Both men were poisoned by whiskey which they drank for medicinal purposes. Hood partook of the liquor on Tuesday night. In the morning he became violently ill and died a few hours later. Larrow, who had also taken some of the whiskey, died. The authorities say that autopsies indicated the presence of poison in the bodies.

[COMMUNICATED.]

MAKE A CHANGE.

Opticism is cheap and it is naturally abundant. Men talk the loudest and most earnest about the things they know the least. After some fellow agrees to do a certain thing there are hundreds of half-artists who "know" how to do it better, but who had not the "metal" in their make-up to undertake the task. In this city of at least 14,000 able-bodied inhabitants, it is strange to say that the weak wish to confound the mighty. The ladies, whose mission on earth should be that of charity and love and sympathy, through the efforts and obsequies of one of the stronger sex, want to dictate the sanitation policy of this city, when there are those who are paid to do what they seem to want to do for nothing. Agitation is a great thing in the right direction, but it does seem that those who are interested with the affairs of a great city, especially in so important a matter as sanitation, should either be capable or forced to retire and give place to those who will do the right thing. But to do this they must be proven capable of the trust reposed in them—not by one man, especially one suffering with "indigestion," who sees no good in anything except that for which he or a few of his ilk stands sponsor. Instead of wasting his substance and sacrificing health in chasing waste paper, if he, or those who are howling about present conditions, would examine the alleys, some of them perhaps adjacent to or connected with their own premises, and correct the evils which confront them before they wish to educate the entire city in that "cleanliness" which the Scripture says is next to godliness, the city would be better off and newspapers could have space for matters more interesting to the general public. We solemnly believe that these interested with the affairs of Alexandria do the best they can, and if the gentleman who has been made sick by the inactivity of those representing his ward in council, wants to improve conditions in the field is wide open to him to become a candidate, and if elected, he can rectify the evils to which the present council is heir. It is the earnest hope of those who believe that the waste paper craze is the paramount—in fact the only—issue facing the people, that the gentleman who has become "invalidated" on account of the above agitation, will offer himself as a sacrifice for the suffering of a long-suffering constituency. Mr. Brockett made a talk the other night and highly complimented Mr. Leadbeater and said that he had not the support of the council in matters of improvement. There is one thing certain, "You can't keep your pudding if you eat it." It only remains for a few to spend that which they haven't. The City Council in mapping out its expenses for the fiscal year allowed about \$11,000 for street department purposes. The first crack out of the box Mr. Leadbeater asked for the bulk of this money for a sewer in the western end of the city. If he had gotten it, our invalid friend would be walking in dirt and waste paper up to his knees by this time and would not only be sick at heart but perhaps lame. The city would not have had anything for street cleaning. A matter of fact the sewer proposed was for the purpose of improving improved property. Barred treasures are great things—even though it be in the shape of a sewer—but when a city only has so much money to spend, it is a compulsion to those who have the force of conviction and power enough to keep in subjection others who want to spend that which they have not and exit, as it were, on the subject.
